NEW ART EXCHANGE

HIRE OUR SPACES

MORE THAN JUST A VENUE...

New Art Exchange is an award-winning gallery and creative hub, shaped by creativity, community and shared experiences.

As the UK's largest gallery dedicated to contemporary visual arts from the Global Ethnic Majority, NAE is a place where creativity is made, shared and experienced. Hiring our spaces brings your event into a working creative environment, where exhibitions, artists and ideas are part of everyday life.

With a range of flexible spaces available, we can help bring your ideas to life. Our bookings team will work with you from enquiry to event day to make planning straightforward and your experience exceptional.

WHAT ARE YOU LOOKING FOR?

- A meeting room for focused discussion?
- A face-to-face meeting with video conferencing?
- A conference for up to 80 people, recorded or live streamed to a global audience?
- A space that supports both ideas and the people sharing them.

We offer flexible spaces and technical support to suit a wide range of events.

Additional Tech support provided
by Lindley Productions
